

INSTRUCTIONAL RESOURCES

The board believes that materials and personnel appropriate to the needs of the school program must be available to each student and teacher. Available system resources shall be allocated to schools on an equitable basis, recognizing system policies and local school needs.

It shall be the responsibility of the superintendent and the professional personnel to recommend instructional and library materials, which will enrich and support the curriculum, to stimulate growth in factual knowledge, conceptual understanding and application, literary appreciation, aesthetic values and ethical standards.
